The Roswell Fire Department offers Community Education Programs

American Heart Association
life is why™

Want to learn CPR and perhaps save a life? The Roswell Fire Department offers the American Heart Association's Family and Friends CPR Course free of charge. This course teaches the lifesaving skills of adult Hands-Only CPR, child CPR with breaths, adult and child AED use, infant CPR, and relief of choking in an adult, child or infant. Family & Friends CPR is for people who want to learn CPR but do not need a course completion card or certification in CPR for their job. It's ideal for schools and students, new parents, grandparents, babysitters and others interested in learning how to save a life.

The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. CERT members also are encouraged to support emergency response agencies by taking a more active role in emergency preparedness projects in their community.

RIVERSIDE SOUNDS

The annual free Roswell Riverside Sounds concert series is hosted at Riverside Park on the first Saturday of the month from May through October. **Concerts take place from 7:00 p.m. to 9:00 p.m.**

The Get Right Band

Date: Saturday, August 6

Relix Magazine's "On The Verge" pick, the Get Right Band is "hip-shaking, earthquaking pure funk fun," according to *The Alternate Root*. Combining catchy, clever songwriting with musical expertise and fearless improvisation, the live show covers everything from funk to rock n' roll to reggae. The band is built on the musical brotherhood that guitarist/vocalist Silas Durocher and bassist Jesse Gentry have formed playing music together since middle school.

Stephane Wrembel

Date: Saturday, September 3

Rolling Stone Magazine has called him "a revelation." Woody Allen recruited him to score the theme for the smash film "Midnight in Paris," and he performed the irresistibly catchy original song, "Bistro Fada," live during the 2012 Academy Awards. He has headlined at Lincoln Center, played major festivals, recorded with mandolin legend David Grisman, toured with master violinist Mark O'Connor and shared stages with everyone from Elvis Costello to Patti Smith to The Roots. To say that Stephane Wrembel—who learned his craft among the Gypsies at campsites in the French countryside—has already had a remarkable career would be an understatement. This virtuoso guitarist from France has truly just begun to make his mark as one of the most original guitar voices in contemporary music.

Ed Roland & The Sweet Tea Project

Date: Saturday, October 1

Named after the drink that is a cultural trademark of the band's home region, Ed Roland and the Sweet Tea Project began serendipitously when the veteran singer/songwriter, Ed Roland, with time off from his Collective Soul activities, began reconnecting with the rich club and coffeehouse scene in Atlanta. On random nights, he would invite popular local musicians to his house to jam on tunes he had written that reached outside the stylistic jurisdiction of Collective Soul, including "Going to Birmingham," one of the highlights from their debut album "Devils 'n Darlins," which Roland penned on the ukulele.

ADAPTIVE PROGRAMS

The following adaptive therapeutic recreation programs are designed for participants with developmental and/or physical disabilities.

WHAT IS THERAPEUTIC RECREATION?

Therapeutic recreation is centered on the principles that participating in recreation leads to improved health and wellness and that recreation should be available to people of all ability levels, regardless of any kind of disability. The goal of therapeutic recreation is to use participation in recreational activities to improve functional abilities, enhance well-being, facilitate social connections, and learn recreation skills.

Our goal is to offer programs that will foster lasting friendships between participants, their peers, coaches, and the community. We want to provide adaptive and inclusive environments to demonstrate to participants and their loved ones that they are an important part of this community.

WE NEED YOUR HELP!

The Roswell Recreation, Parks, Historic, and Cultural Affairs Department strives to deliver the best therapeutic programs and services to our community by constantly seeking ways to add or enhance programs, events, and classes. Express yourself and discover your artistic talents with acrylic paints in this class for all student levels. If you like to work fast, you will love the ability to build up layers quickly with acrylic paints. Finished acrylic paintings can have a high sheen, a flat finish, or a transparent appearance reminiscent of watercolor, depending on the techniques used. Acrylics do not carry a heavy odor, are water soluble and clean up easily. Experience the flexibility of this remarkable medium in a supportive and exploratory class environment. Ages 14 and up on date of class.
