PURCHASING DIVISION MISSION STATEMENT:

Our mission is to obtain needed goods and services by the most efficient and effective methods while providing the highest level of service and courtesy to our customers.

I. GENERAL INFORMATION

A. INTRODUCTION

The purpose of the City of Roswell Vendor's Manual is to assist prospective vendors with the City of Roswell Purchasing Policies and Procedures and to instruct them on the proper procedures for doing business with the City of Roswell. This manual is intended to be a representation of information and procedures which prospective vendors can utilize when doing business with the City. If specific questions arise that are not answered in this material, vendors can address questions to:

The City of Roswell Purchasing Division 38 Hill Street, Suite 130 Roswell, GA. 30075 Phone: (770)-641-3718 Fax: (770)-594-6434 Website: www.roswellgov.com

The City of Roswell Purchasing Division of the Finance Department is the central procurement office for all City departments with the exception of the Recreation and Parks Department which is a separate entity within the City government which processes its own purchase orders under the authority of the Roswell Recreation Commission. The policy of the City of Roswell is to provide for the fair and equitable treatment of all persons involved in public purchasing with the City of Roswell, to maximize the purchasing value of public funds in procurement, and to provide safeguards for maintaining a procurement system of quality and integrity. The Purchasing Division's purpose is to ensure that all prospective vendors and City departments adhere to the City of Roswell Purchasing Manual which contains the City Purchasing Ordinance and Purchasing Policies and Procedures. These procedures are designed to ensure that all city funds are expended in accordance with sound business practice, recorded in compliance with acceptable accounting procedures, and meet the requirements of federal and state agencies that could assist in financing activities of the City of Roswell.

B. INSPECTION OF RECORDS

In accordance with the State of Georgia Open Records Act, O.C.G.A. Section 50-18-72, copies of open records may be obtained by submitting a written request along with payment of the applicable service charge fee. The service charge fee is 25 cents per copied page plus cost of staff's research time preparation of documents after the first fifteen minutes.

Once a bid or informal procurement is awarded, it is considered to be open for review by the general public. If a vendor or other interested party would like to view a bid, an appointment should be made with the City Clerk for an appropriate time to review the document. The City Clerk will advise the Purchasing Division of the document to be reviewed. The Purchasing Division has three (3) working days to respond to the requesting party with the length of time that will be necessary in order to provide the information, if the information is available.

Information regarding proposals will not be available for inspection by the public until an award of the contract has been made.

C. PURCHASING/VENDOR RELATIONSHIPS

Meetings: Vendors are welcome to meet with Purchasing staff members for legitimate reasons. Vendors should schedule an appointment in advance to ensure that the appropriate staff would be available. During the busiest times of the year, it may be difficult for the Purchasing staff to schedule a meeting with vendors. The length for the meeting may need to be limited. Information such as catalogs, line cards, and new product information is always helpful and welcome.

II. VENDOR REGISTRATION

A. APPLICATION & REGISTRATION

Vendors interested in participating in the bidding process should request to be added to the City of Roswell bidders list. Vendors should submit this request by completing a Vendor's Application, available from the Purchasing Division or on the City of Roswell website at www.roswellgov.com

Vendors will need to list the NIGP commodity codes in relation to the various materials, specifications, equipment, supplies, and services which they can provide. The requesting vendor will be placed on the bidders list for those commodities which are listed on the Vendor's Application. The City will select vendors from this list when a bid opportunity becomes available.

Vendors must maintain an acceptable status of providing goods and services in a responsible manner in order to remain on the City's bidders list.

B. REGISTRATION REVISIONS

Vendors are responsible for notifying the City of any changes that need to be made on their registration information. Changes, such as company name, address, phone number, commodities, etc... will need to be submitted in writing on company letterhead and should bear the signature of an officer authorized to bind the company.

III. PROCUREMENT AND AWARD METHODS

A. THE BASIC METHODS OF PURCHASING

Formal Procurements: Formal Sealed Bids and Formal Sealed Request for Proposal

Formal Sealed Bids-This method is used where the cost of commodities and services is \$25,000 or greater, where there are clear and defined specifications available and where cost is the primary basis of award. Bids are advertised for a minimum of three (3) consecutive weeks in the City's legal organ. Bids will also be posted on the City's website (www.roswellgov.com) and the State of Georgia Department of Administrative Services (DOAS) Procurement Registry (GPR) (www.doas.state.ga.us) and the bid awarded to the lowest responsive, responsible bidder (see Local Vendor Preference below). All contracts of \$25,000 or more, excluding commodity purchases, shall be in writing and shall be approved by the City Council. The City Council reserves the right to reject any and all bids. Per the City Ordinance, professional services, not addressed therein, are exempt from the bidding process.

Formal Sealed Request for Proposal-This method is used for the purchase of all goods and services where the competitive sealed request for quote method is neither practical nor advantageous. Generally, competitive sealed request for proposals are used for procurements such as professional services, service contracts, highly technical equipment, etc. Competitive sealed request for proposals are advertised in the City legal organ for three (3) consecutive weeks. Request for Proposals will also be posted on the City's website (www.roswellgov.com) and the State of Georgia Department of Administrative Services (DOAS) Procurement Registry (GPR) (www.doas.state.ga.us) Proposals are evaluated against specific criteria by an Evaluation Committee as specified in the solicitation. All contracts of \$25,000 or more shall be in writing and shall be approved by the City Council. The City Council reserves the right to reject any and all proposals.

Informal Procurements-This method is used for the purchase of goods and services between \$2,500 and \$24,999. Unlike the Formal Sealed Bids and Request for Proposals, formal advertising is not required. Three (3) written quotes are obtained (either fax, email/mail) and the bid is awarded to the lowest responsive, responsible bidder (see Local Vendor Preference below.) Informal procurement opportunities may be announced on the City's website and/or the State of Georgia/DOAS GPR at the Purchasing Manager's discretion.

Small Purchases - Purchases between \$0 and \$2,499. Bids are solicited informally and do not require formal advertising. Three (3) quotes are obtained and awarded to the lowest responsive, responsible bidder (Local Vendor Preference does not apply.) Written documentation is obtained from the vendor through telephone, mail, fax, e-mail or by hand delivery to the Purchasing Division. Example: vendor name/address, description, quantity, unit of measure, delivery schedule, unit cost, and extended total cost. User Departments or the Purchasing Division may purchase up to \$2,500 with one quote and may use the procurement card (Visa.)

Price Agreements-The City of Roswell has annual, semi-annual, and quarterly contracts for various, frequently used items and services. The contracts are results of a bid, quote, or proposal, or in special cases, a sole source. The Purchasing Division will formalize and establish price agreements for use by the departments. Most of the contracts allow the User Departments to order products or services directly

from the awarded vendor. These are non-exclusive agreements, so should the awarded vendor be unable to provide the contract item or service by the stated delivery date, items may be obtained by soliciting quotes and bids from other vendors.

Local Vendor Preference - The City of Roswell has enacted a Local Vendor Preference ordinance which applies to all informal and formal procurements greater than \$10,000 excluding construction projects; professional and consulting services; federally funded projects; and online/electronic sealed bid/reverse auctions. A local vendor's responsive and responsible bid will be given preference in the contract award if the bid is within two percent (2%) of the low bid offered by a non-local vendor. The Local Vendor must operate and maintain a brick and mortar business within the corporate limits of the City of Roswell; have a current Occupation Tax Certificate; paid in full all real and personal taxes owed the City; and which upon application has been certified as a "Local Vendor" (has submitted a vendor application and indicated in the bid documents vendor is participating as a local vendor) prior to bid due date and time.

B. CONTRACT AWARD

When an award of a bid or proposal is made, a purchase order is issued, a contract is prepared, and/or a price agreement is established. A bid tabulation is available upon request.

When contracts are issued for projects or services, the vendor returns the signed contract along with any required insurance and bonding documents. Purchasing will send a copy of the executed contract and a Notice to Proceed to the successful vendor. All the vendors who submitted a bid/proposal will be notified by email/mail the status of the award.

Purchase orders, prior to being issued, must have funds approved and the dollar amount encumbered in the requesting department's budget. The Purchasing Division will not issue a purchase order before funds have been encumbered and the budget line item has been verified. No department of the City of Roswell can authorize items or services to be delivered or performed prior to the vendor's receipt of a purchase order. Any purchases made contrary to this method are considered unauthorized and the City of Roswell may choose not to authorize payment.

C. PAYMENT TERMS

The standard payment terms for payment of invoice are: Net30 days.

The City will make payments to the Successful Offeror based on a preferred payment method, for example: lump sum at completion of contract term; or % payments tied to deliverables as specified; or progress payments tied to event completion per schedule; or monthly payments taking total bid and dividing by months in contract from month of contract performance start to end of project as described in the solicitation document.

Upon submittal of invoice for payment, the vendor **must** reference the Purchase Order number and Project number (if applicable) on the invoice. Failure to do so **will** result in invoice rejection.

IV. SOLICITATION PROCESS

A. NOTIFICATION

Bids, informal procurements, and proposals may be e-mailed/mailed to vendors suggested by the User Departments. Registered vendors with the City that have the specific NIGP code will be notified by e-mail/mail of any quotes, informal bids and/or proposals. However, the City of Roswell cannot guarantee that every vendor contained on any vendor's list will receive a copy of every bid or proposal that is sent out for a particular commodity. Vendors are encouraged to review the various methods of advertisements that the City uses in the bid process. In order to ensure that vendors will be properly notified, it is the vendor's responsibility to register as a vendor with the City and to contact the Purchasing Division with any changes to the company's information. It is also recommended that you register as a vendor with the State of Georgia Department of Administrative Services (DOAS) Procurement Registry (GPR) at (www.doas.state.ga.us .)

B. SOLICITATION DOCUMENTS

Quotes, bids, and RFP's are notices used by the City to solicit offers to buy goods or services and should not be construed as an order by the City to make any purchase. Vendors should review instructions and conditions of the solicitation document and include all information and signatures as required. The quote, bid, or proposal must be returned to the Purchasing Division on or before the time and date indicated for the bid opening. The use of a company bid form containing terms and conditions which are in conflict with those of the solicitation document constitutes a counteroffer and are not acceptable.

C. PRE-BID AND PRE-PROPOSAL CONFERENCES

The nature of some bids and proposals require a pre-bid or pre-proposal conference. Pre-bid and pre-proposal conferences are held in order to clarify specifications, answer vendor's questions regarding the specific bid, informal procurement, or proposal, or to allow the vendor to perform an on-site review and inspection. Any changes or clarifications to the original bid or proposal as a result of a pre-bid or pre-proposal conference will be made in writing in the form of an addendum, and may be e-mailed or faxed to all vendors who originally received or have requested the solicitation. Addendum information will be posted on the City's website and the State of Georgia/DOAS Bid Registry. All questions and information requests shall be made directly to the Purchasing Division Buyer of Record to ensure that all vendors have the same information.

The City of Roswell strongly encourages all interested vendors to attend the pre-bid or pre-proposal conference on any bid, proposal or solicitation that the vendor has an interest. Valuable information is exchanged at these conferences; therefore, it is in the best interest of the vendor to participate.

D. SOLICITATION SUBMITTAL

- 1 Follow the instructions set forth in the procurement documents.
- 2 Any questions regarding the procurement opportunity must be directed to the appropriate party named in the document, by the appointed date stated in the letter.

3 In order to submit a quote, bid or proposal the bidder/offeror must be able to responsibly meet the requirements set forth in the bid/proposal.

4 When applicable, returning the "Receipt of Bid" acknowledgement informs the buyer of your intent to participate in the bid opportunity and desire to be sent addenda.

5 Each bidder shall certify in writing that such bidder has not engaged in any collusive or anti-competitive practices in responding to a solicitation for bids or proposals. A declaration of non-collusion is simply a statement made by the vendor which states the bid submitted is a bona fide bid which has been prepared independent of other bidders, and is in all respects fair and without collusion or fraud (i.e. price fixing, bid rigging, and rotation of award.)

6 All quotes or proposals must be submitted in a sealed opaque envelope or package clearly marked with the bid or proposal number and description, the date and time of the public opening, and company name in the upper left-hand corner. The envelope must be addressed to the location specified in the bid document. Refer to all instructions in the bid document for clarification and requirements in submitting a particular bid.

Documents must be submitted via hand-delivery, U.S. Mail, or other type of delivery service. The City of Roswell currently does not accept sealed bids or proposals through a fax or e-mail.

E. HOW BIDS AND PROPOSALS ARE OPENED

Sealed formal sealed bids and proposals shall be opened publicly in the presence of one or more witnesses on the date and at the time and place specified in the bid/proposal documents. Vendors and interested parties are invited to attend the public opening.

During the opening of formal sealed bids, the following information shall be read aloud: the name of each vendor submitting a sealed bid, total pricing and delivery information. At this time, all sealed bids are considered to be open record.

During the opening of proposals, only the name of each proposer shall be announced. No other information will be disclosed. The proposal is not considered open record until the proposal is awarded.

Once the formal sealed bid or proposal is opened, copies of the documents are forwarded to the User Department(s). Basis for award of a bid is evaluated and determined upon the lowest responsible, responsive bidder meeting the minimum standard of specifications (Local Vendor Preference may apply.) For proposals, an evaluation team is formulated to review and rank the proposers. By City Ordinance, as a minimum, the evaluation team shall consist of the Purchasing Manager, the Department Head, and a designee within the user department. The basis for award of a contract shall be to the contractor which is deemed to be in the best interest to the City.

F. ADDENDA

The City may revise a solicitation document by issuing an addendum prior to its opening. Acknowledgment of receipt of an addendum should be returned prior to the time set for receipt of bids/proposals, or accompany them. Failure to bid or propose in accordance with an addendum may be cause for rejection. In unusual circumstances, the City may postpone an opening in order to notify

vendors to give them sufficient time to respond to the addendum.

The City may withdraw or cancel a solicitation document at any time. A notice of cancellation will be issued. If the solicitation document is cancelled the City will not reimburse any vendor for the preparation of their proposals. Quotes or proposals may be returned upon request if unopened.

G. LATE CHARGES

Quotes/proposals containing provisions for late charges, whether designated as interest charges or otherwise, will not be considered for an award. Vendors are instructed to remove, strike through, or otherwise withdraw any such provision contained in a vendor's printed forms. The bidder/offeror must initial such changes prior to submitting a bid or proposal to the City.

H. SPECIFICATIONS

Detailed specifications may not always accompany a solicitation document. In some instances, reference will be made to certain standard specifications. Such a reference incorporates any such standard specification in the solicitation document and any response must then be in accordance with those specifications.

In other cases, references may be made to one or more brand names. Such reference is not restrictive unless otherwise specified and is used for descriptive purposes only.

Unless the bidder/offeror clearly indicates in the quote or proposal that he or she is offering equivalent products, such bids or proposals will be considered as offering the brand name products referenced in the solicitation document. Quotes or proposals on equivalent products of like quality and performance will be considered provided that the product is clearly equivalent. The bidder/offeror shall submit catalog excerpts, specifications, or other materials suitable for use in the evaluation of the product offered. Any such materials shall become official records of the City. The Purchasing Division will, in its sole discretion, determine whether a substitute offer is equivalent to the product or products specified and may require the bidder/offeror to supply additional descriptive material, samples, or other proof if needed.

I. REVISION OR WITHDRAWAL OF A QUOTE/PROPOSAL

Modification/Correction of Quotes: If an error is discovered prior to the opening, the vendor can submit a corrected sealed Bid/RFP or may opt to withdraw the bid prior to the bid opening. The corrected document must be clearly marked that it supercedes the Bid/RFP originally submitted. If an obvious clerical error is discovered after the formal document has been opened, the vendor may submit a letter to Purchasing requesting that the error be corrected. Final determination as to whether an error is a clerical one rests with the Purchasing Manager. Generally, modifications to opened quotes or proposals for reasons other than obvious clerical errors are not permitted.

J. LATE BIDS

Formal sealed bids or proposals received after the date and time stated in the solicitation document will be date and time stamped, labeled as "LATE" and not be considered.

K. BID, PERFORMANCE, AND PAYMENT BONDS

Bid, payment, and performance bonds are required by law (See O.C.G.A. 36-91-2) for construction (public works) contracts in excess of \$100,000. The bid bond must accompany the bid/proposal. Any bid or proposal submitted without the required bid bond will not be considered for award. All bid bonds must be in a sum equal to five (5%) percent of the total amount of the bid/proposal, unless otherwise specified.

Payment and performance bonds are required by the City's Purchasing Ordinance (Section 2-7-13/14) for all construction (public works) contracts in excess of \$25,000. Performance bonds may also be required for construction contracts below \$25,000 and for any non-construction contracts at the discretion of the City. All payment and performance bonds must be in an amount at least equal to 100% of the total contract price unless otherwise specified. Bond requirements must be identified in the solicitation document.

The insurance and bonding company must be licensed to do business by the Georgia Secretary of State, authorized to do business in Georgia by the Georgia Commissioner of Insurance Department, listed in the Department of Treasury's Publication of Companies holding Certificates of Authority as Acceptable Surety on Federal Bonds and as acceptable reinsuring companies, and must have an A.M. Best rating of A-VI (A-6) or higher. Vendors shall, at their own expense, make arrangements for the issuance of any bond called for in the solicitation document or otherwise required by law.

L. MANUFACTURER'S CERTIFICATE

The Purchasing Division reserves the right to request that the vendor furnish proof that it is the manufacturer or one of the manufacturer's authorized dealers or distributors of the product proposed and is capable of providing warranty services on any items delivered. When a manufacturer's certificate or evidence of authorized distributorship is required, it shall be dated not more than thirty (30) days prior to the date of opening of the bid/proposal.

V. EVALUATION OF BIDS/PROPOSALS AND AWARD

A. REJECTION OF BIDS/PROPOSALS

The City of Roswell reserves the right to reject any and all bids/proposals submitted in response to any solicitation document, to reject any portion thereof, or to waive any minor irregularity or administrative requirement.

B. SPLIT AND MULTIPLE AWARDS

Where more than one item is requested in a bid, the Purchasing Division reserves the right to determine the lowest responsible bidder either on an overall basis, or on the basis of individual items or groups of items. Ordinarily, split awards will not be made unless the savings to the City is substantial.

In some circumstances, when it is deemed to be in the City's best interest, the Purchasing Division may make multiple awards. They are only made when it is not possible or practical to make a competitive low bid award to a single bidder. An example would be the Standby Engineering contract.

C. BIDDER RESPONSIVENESS

An apparent low bidder/offeror may not be recommended for award of a bid or contract if they are found to be non-responsive. A bid tabulation shall be prepared by the Purchasing Manager/Buyer of Record documenting all bids and the responses of all bidders. A bid response may be deemed as non-responsive if:

- 1 Failure to use the City bid schedule;
- 2 Failure to return applicable compliance/specification sheets;
- 3 Failure to return applicable addenda;
- 4 Failure to provide information on alternates or equivalents when required/allowed;
- 5 Failure to provide bid bond when specifically stated will result in automatic rejection;
- 6 Failure of bidder to sign all requested bid documents;
- 7 Failure to submit bid by deadline will result in automatic rejection;
- 8 Failure of vendor to extend prices;
- 9 Failure to hold firm pricing;
10. Failure to obligate to specified delivery requirements;
11. Submission of a bid or offer in such a manner which would prevent the establishment or determination of a firm bid price. Such qualifications would include refusing to hold firm prices or submitting bid prices subject to change due to manufacturer increases/decreases or market conditions, or minimum order quantities;
12. Submission of a bid which is contingent upon receiving the award of another bid;
13. Failure to provide a bid surety or meet insurance requirements (when specifically required in the bid); or
14. Submission of unacceptable exceptions to specifications and/or contract clauses.

D. BIDDER RESPONSIBLNESS

Bids may be disqualified by the Purchasing Manager as a result of, but not necessarily limited to, the following reasons for non-responsiblness:

1. Previous vendor performance problems for the City of Roswell as documented in the vendor performance file, maintained by the Purchasing Division;
2. Failure to meet contractual obligations after the award has been made; or
3. Bidder's references provide reports of poor contract performance on similar projects.

E. RESOLVING TIE BIDS

A tie bid exists when two or more bidders offer, at identical prices, products that meet all specifications, terms, and conditions.

Bids received from two or more vendors which are identical and meet the requirement of the bid specifications shall, in most instances, be awarded on the following basis:

- 1 The bid submitted by a vendor who does not have a documented negative vendor performance record contained in the Vendor Performance File.
- 2 The bid submitted by a vendor located within the City who has a current Occupation Tax Certificate issued by the City of Roswell.

3 If the tie bids all meet the above criteria the bid award is based on the toss of a coin by Purchasing Staff in a public session. The bidders involved will be invited to attend the coin toss at a stated date and time. One or more witnesses from the Purchasing Division and the User Department(s) may be present. A single coin toss (called by the company listed first in the alphabet) will break the tie and decide the award.

F. FREIGHT CHARGES

All offers received will be F.O.B. destination. Bidders/offerors may, however, charge back freight and insurance. In such event, the bidder/offeror shall state the exact amount of freight or insurance charges or a "shall not exceed" amount.

G. RE-SOLICITATION

If at any time it is found that the integrity of the process has been compromised or that errors have occurred, the solicitation may be canceled. The procurement may be re-solicited if the City so desires.

H. PRICE INCREASES/DECREASES

The Purchasing Division normally requests bids of firm prices for the contract term. Term contracts, however, may in some cases contain a clause describing conditions under which a price increase will be allowed.

After award, a request to increase prices pursuant to the contract must be in writing and addressed to the responsible purchasing agent. It must contain all of the information and documentation called for in the contract. The Purchasing Manager will respond to any such request within thirty (30) days. Price increases will not be granted unless the solicitation document or contract makes provision for them. In most cases, the City requires that any announced price decreases in a commodity also be passed along to the City.

I. CONTRACT EXTENSION

The Purchasing Manager for the City may in his/her discretion extend a contract for such period as may be necessary to afford the City a continuous supply of the items listed in a term contract. Extensions are authorized in the event that a contract shall terminate or be likely to terminate prior to the making of an award for a new contract.

J. ADVISORY SERVICES

The City of Roswell recognizes the value of advisory or consultative services which vendors often provide to departments. Services of this type will nonetheless be regarded as normal sales effort, and no preferential treatment will be given to vendors providing such services when contracts are awarded. Moreover, no compensation may be paid for any such services unless they were provided pursuant to an existing contract.

Equipment provided and installed by a vendor for the purpose of demonstration will not be given preferential recognition in contract awards, and the City will not be liable for any charges or costs incurred by vendors in making such equipment available, nor shall the City be under any obligation to purchase or pay in any manner when a vendor, upon the request of a department, delivers the equipment or other products for test or trial.

VI. PROTEST PROCEDURE

This section describes the mandatory administrative procedure whereby vendors may challenge the solicitation process and contract awards.

A. Definitions

1. Protestor means (a) any actual bidder/offeror who is aggrieved in connection with a contract award and who files a protest in writing in accordance with this section.
2. Unless otherwise stated, "day(s)" means calendar day(s).

B. Submission of Protest

1. Subject of Protest and Time for Filing a Protest - If a vendor or bidder/offeror is aggrieved by any aspect of a solicitation, the vendor or bidder/offeror can choose to protest in accordance with this section.
2. Bidders/offerors may protest the contract award in connection with the bid/RFP on which the bidder/offeror has submitted a bid/proposal. Any such protest by a bidder/offeror must be filed no later than ten (10) calendar days following the date of the notice of award for a service contract or purchase order for a commodity. Vendors who do not submit a protest in the ten (10) calendar day time period waive their right to protest the contract award.
3. Protests pertaining to events or facts arising during the solicitation process, including but not limited to specifications, must be filed no later than two (2) business days prior to the bid opening or proposal due date.

- C. Filing a Protest - A written statement of protest signed by a company officer authorized to sign contracts on behalf of the vendor must be received by the Finance Director no later than ten (10) calendar days following contract award or issuance of purchase order. Failure to file a protest by the time required may be deemed a waiver of any grounds the vendor or bidder/offeror has to protest. All inquiries received after the ten (10) day period will be fully investigated. However, the inquiry will not be considered a formal protest.

D. The written Protest shall include as a minimum the following:

1. The name and address of the Protestor;
2. Appropriate identification of the solicitation, and, if a contract has been awarded, its number;
3. A statement of reasons for the Protest; and
4. Supporting exhibits, evidence, or documents to substantiate any claims unless evidence is not available within the filing time; in which case the expected availability date shall be indicated.

E. Stay of Procurement During Protest

1. When a Protest pertaining to events or facts arising during the solicitation process, (example: protests concerning specifications and evaluation criteria), has been filed within the requested two (2) business days prior to the bid opening or proposal deadline date, the City Purchasing Division shall suspend the award of a contract until a final decision has been issued, unless the Purchasing Manager makes a written determination, after consulting with the issuing department, that the award of a contract without delay is necessary to protect the best interests of the City.
2. When a Protest has been filed in a timely fashion within ten (10) calendar days following the issuance of a contract award, the Purchasing Division shall consult with the department to determine if performance of the contract without delay is necessary to protect the best interests of the City. If it is determined that it is necessary to proceed with a contract without delay, the bidder/offeror that receives the contingent contract may proceed with performance and receive payment for work performed in strict accordance with the terms of the contract; however, such bidder/offeror shall not be entitled to reimbursement for any capital outlay costs, or other up front expenditures incurred in performing the contract.

F. Decision by Finance Director

1. Time for Decisions - A recommendation will be made by the Purchasing Manager to the Finance Director as expeditiously as possible after receiving all relevant requested information in regard to the Protest filed. The Finance Director will provide a decision no later than thirty (30) days after all necessary paperwork is filed.
2. If a Protest is sustained, available remedies may include one of the following:
3. For a protest sustained prior to an award, modification of the solicitation document, including but not limited to specifications, terms and conditions and evaluation criteria; and extension of the opening date if appropriate.
4. For a protest sustained after an award is made, suspension or cancellation of the award, re-evaluation and re-award or re-solicitation with appropriate changes to the new solicitation document.
5. If work was started due to the nature of the project and determined to be necessary, then the new successful vendor that won the protest would begin the work where the previous vendor had concluded. (See Section-E)

G. Request for Formal Review

1. Subject of Request for Formal Review and Time for Filing If a protestor disagrees with the decision submitted by the Finance Director, the protestor must request a formal review of the decision by the Protest Review Committee (consisting of the City's Legal Counsel, Finance Director, and the City Administrator) within three (3) days of receipt of certified letter of the date of the decision. The request for formal review shall contain a detailed statement of the factual and legal grounds upon which reversal or modification is deemed warranted, specifying any errors or concerns in the Finance Director's decision.
3. Final Decision –The decision of the Protest Review Committee will stand as the City's final decision.

VII. CONTRACT PERFORMANCE

A. RECEIPT OF PURCHASE ORDER

The successful bidders/offerors will receive a purchase order from the Purchasing Division. The purchase order, which will include the terms, conditions and specifications, states what the contractor must comply with in fulfilling its obligations to the City.

The receipt of a purchase order for a one-time open market purchase authorizes shipment in accordance with its terms. The purchase order number must be shown on all bills of lading, packing slips, back orders, invoices, and other transactional documents.

B. PAYMENT

Once the goods or services covered under a purchase order have been delivered, an invoice shall be remitted directly to the City of Roswell's Cash Disbursements division of the Finance Department at: The City of Roswell, Cash Disbursements, 38 Hill Street, Suite 130, Roswell, GA 30075. Invoices may be emailed to: cashdisbursements@roswellgov.com. The purchase order number must be on the invoice for prompt payment.

Payment for any item delivered pursuant to a contract or order may be withheld until all requirements of the contract or order have been complied with in full.

C. PENALTIES FOR NON-PERFORMANCE

In the event a Department determines that the contractor's performance has not been in accordance with its contract, the Department shall document the lack of performance and/or cause and forward to the Purchasing Division. The contractor should promptly respond to the complaint, enclosing whatever explanation may be necessary. Failure to satisfactorily respond will be considered in determining the contractor's eligibility for future contracts. The seriousness of the complaint is determined by the Purchasing Manager and recorded in the vendor's file. Repeated complaints could result in suspension. The length of time a vendor remains on suspension is dependent upon the severity of the performance problem, not to exceed three (3) years.

The following are persons or companies who may be placed on suspension:

1. Any person who submits a bid or proposal in bad faith;
2. Any person who willfully or repeatedly breaches a contract with the City.
3. Any person who repeatedly refuses to accept a bid or proposal award;
4. Any person who has established a pattern or practice of unethical or immoral business practices;
5. Any person who has been convicted of a crime involving moral turpitude; and;
6. Any person who is owned, controlled or managed in whole or in part, by any other person described in (1) through (5) above.

Vendor who does not deliver as promised, or delivers unacceptable merchandise may be penalized one percent (1%) of the price of the item(s) per day for a period of up to fourteen (14) days for each day that delivery or replacement is late. If a vendor fails to comply, comparable replacement merchandise may be purchased in the open market. The vendor shall reimburse the City within a reasonable time specified by the Purchasing Manager for any expense incurred in excess of original contract prices or the City shall reserve the right to deduct such amount from monies owed the defaulting vendor/contractor.

D. LOSS OR DAMAGE IN TRANSIT

For all purchase orders or contracts designated F.O.B. Destination, delivery of goods to a common carrier does not constitute delivery to the City, and the risk of loss will remain with the contractor until actual delivery is received. Any claim for loss or damage incurred during the delivery shall be made by the contractor directly to the carrier. The user department will note all damage incurred in transit on the freight bill and notify the contractor and the contractor shall make immediate replacement of the damaged merchandise.

E. INSPECTION

Delivery does not constitute acceptance. All supplies, materials, and equipment delivered to the City shall be subject to inspection and testing. Items that do not meet specifications will be rejected. Failure to reject upon receipt, however, does not relieve the contractor of its liability. If tests subsequent to delivery reveal a failure to meet specifications, the contractor shall be deemed to have breached its contract.

F. CONTRACT RENEWAL

Some contracts contain renewal clauses describing the conditions under which a contract resulting from a solicitation document may be renewed. The decision to renew any contract must be approved by both the Contractor and the City. In order to renew any contract, the User Department must certify in writing to the Purchasing Division that the contractor has performed satisfactorily and met all of the requirements set forth in the contract. After receiving this certification from the User Department, the Purchasing Division will get the Contractor's signature on the Contract Renewal Form as well as that of the City Administrator. Once executed, a copy will be disseminated to the Contractor, User Department and Purchasing.

G. ASSIGNMENT AND DELEGATION

No contract or any performance required by it may be assigned or delegated, in whole or in part, without the express prior written consent of the City.

VIII. ETHICS AND UNLAWFUL ACTIONS

A. ETHICS IN GENERAL

The City of Roswell subscribes to the NIGP Code of Ethics for Governmental Service. Among the provisions relevant to the relationship between Department personnel and vendors all persons in government shall:

City employees shall not accept gifts or gratuities from organizations, business concerns, or individuals with which they have official relationships concerning the business of City government. Additionally, a City official or employee shall not accept any gift, favor or thing of value that may tend to influence them in the discharge of their duties, or grant in the discharge of their duties any improper favor, service, or thing of value. This policy does not apply to the acceptance of articles of negligible value which are generally distributed to the public, nor to the acceptance of social courtesies which promote good public relations.

Employees may not conduct or promote private business for gain during on-duty work hours and at no time on City premises. Employees with outside business interests should make arrangements to receive and send messages for such business interests during non-work hours. Employees shall utilize the City's electronic communications system only in accordance with the City's stated policies.
